

**Are you
sure you
need to go
to the...**

Emergency Room?

Emergency Room visits are only for emergencies.

**For non-emergency visits, please see your
GPHA Primary Practice Provider (PPP)/ Main Provider.**

DO NOT go to the Emergency Room (ER) for:

- Fever as your only symptom (for anyone 2 months or older)
- Urinary tract infections
- STD symptoms
- Vaginal discharge
- Colds
- Rashes
- Sore Throat
- Medication refills
- Ear Infection

GO to the Emergency Room if you:

- Have a fever (babies under 2 months of age)
- Have chest pain
- Cannot breathe
- Are choking
- Have passed out
- Are having a seizure
- Are sick from poisoning
- Are sick from a drug overdose
- Have a broken bone
